Term 3 Week 9 September 20 2018

## TERM DATES 2018

### Term 3

July 23 — September 28

### Term 4

October 15 — December 14

## UPCOMING EVENTS

**Saturday 20 October**  
**BUNNINGS SAUSAGE**  
**SIZZLE**

**Wednesday 7 November**  
**SCHOOL PHOTO DAY**

## POTTERY CLASS WITH ERIN

*The R/1/2 class have been working with Erin to create some pottery this term. They have learned about pinch pots and made a nut bowl for Father's Day. They have also been making animal sculptures for a class project which is connected to their trip to the zoo later this year.*

*Thank  
You*

for contributing to our Footy Colours Day and the year 3-5 Tuck Day fundraisers.

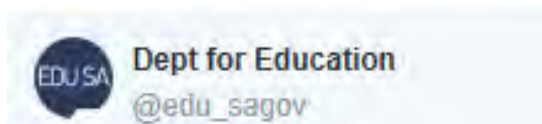

We raised:

**FOOTY COLOURS DAY \$58**

**TUCK DAY YR 3-5 \$105**

Government of South Australia  
Department for Education

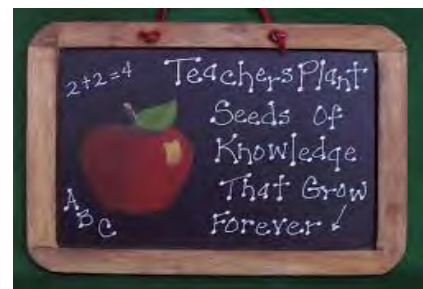

This year, we want to celebrate #World Teachers Day by sharing one of your stories. Do you know a teacher who has gone above and beyond for you or your child?

PM us your story and help us celebrate World Teachers' Day in SA.

*Better than a thousand  
days of diligent study  
is one day with a  
**great teacher***

- Japanese proverb

## SPRIT OF GRAINS Competition

To celebrate our 60th Anniversary this year, GrainGrowers is holding a competition for children between the ages of 5 and 18 to celebrate their grain farming heritage and life on a modern grain farm.

### Please encourage your children or grandchildren to enter!

Do you know a child between the ages of 5 and 18 who lives on a grains farm anywhere in Australia - or who have relatives who do? We would love them to enter.

We would like them to tell the story about their family's history on a grain farm, which blends together the past and today.

Each age group has a specific category in which they can enter:

15-18 yr olds—VIDEO -4 mins **PRIZE: Drone**

9-14 yr olds—STORY & PHOTOS max 400 words  
**PRIZE: GoPro**

5-8 yr olds—DRAWINGS 1 entry **PRIZE: iPad**

Entries close 7 October.

Please visit our website for more information.

# Information sheet for parents and legal guardians

## General use adrenaline autoinjectors (EpiPen®) in children's centres, preschools and schools

All Department for Education preschools and schools must have a general use adrenaline autoinjector so they can provide emergency medication to treat anaphylaxis.

The department specifies that preschools will keep an EpiPen® Jr (0.15mg adrenaline) and schools will keep an EpiPen® (0.3mg adrenaline).

Please be aware that the 'general use' adrenaline autoinjector is not a substitute for children and young people who are at high risk of anaphylaxis, and who have been prescribed an adrenaline autoinjector.

In these cases, you need to notify the preschool or school that your child is at risk of anaphylaxis and provide an ASCIA action plan.

### General use EpiPens®

Adrenaline autoinjectors for *general use* are most likely to be used when:

- an individual who is known to be at risk of anaphylaxis does not have their own device immediately accessible or the device is out of date
- a second dose of adrenaline is required before an ambulance has arrived
- an individual's device has misfired or accidentally been discharged
- a previously diagnosed individual with mild allergy who was not prescribed an adrenaline autoinjector has their first episode of anaphylaxis
- or less commonly, an undiagnosed individual has a first episode of anaphylaxis and was not previously known to be at risk (eg a child having their first reaction at school).

### Keeping your child safe

Our children's centres, preschools and schools must have sufficient staff on site with:

- current first aid training (that includes cardiopulmonary resuscitation (CPR) and how to administer emergency asthma and anaphylaxis medication)
- training through the ASCIA anaphylaxis e-training course for schools and childcare
- practical training in how to use an EpiPen®

In an emergency, if there is no other person nearby who has had basic training in the use of an adrenaline autoinjector, it is reasonable that someone without specific training will administer adrenaline by following instructions on the device. Where there are reasonable grounds for believing an individual is having an acute allergic reaction, adrenaline will be administered.

### Taking precautions

An ambulance will be called in all cases where adrenaline is administered and care for the person will be transferred to the ambulance officer. The patient will be taken to hospital to remain under observation until symptoms have resolved. No serious or permanent harm is likely to occur from mistakenly administering adrenaline to an individual who is not experiencing anaphylaxis. Temporary side effects of adrenaline may include increased heart rate, trembling and paleness.

**Further information** Contact your preschool or school for further information.

# BERRI VACATION CARE

Please remember pack a hat, water bottle and lunch each day.

## VACATION CARE

Ph.: 85823995
