SWIMMING LESSONS

Our school have enjoyed their swimming lessons this week with marvellous weather and learning about how to be safe in the water

Here are some comments from our Reception - Year 2 students

Swimming lessons are a lot of fun ~ Sienna

I like going under the water when we have a tea party ~ Amber

I like it when we glide on the water ~ Zoe

I like to get things from the bottom of the pool ~ Addison

I like to float on the water ~ Kaitlin

I am learning how to blow bubbles under the water ~ Dre

I like to sit on the bottom of the pool ~ Taylem

I like to move around in the swimming pool ~ Evangelos

I am looking forward to going swimming ~ Gina

I am trying to blow bubbles in the water ~ Ciana

I am learning to put my head under the water ~ Axel

YEAR 6 - 7

During swimming lessons this week I have improved my skills in all the activities I've done especially with side-stroke because I didn't know how to use my arms correctly and now I do. I also improved my swimming by using clear quick kicks in the water - Kira

In swimming lessons I learnt how to swim however I had problems with swimming but I fixed it up by using a noodle which helped me stay afloat - Nabvir

This week so far swimming lessons have been really good because I got to learn new things such as different kinds of survival strokes we could do - Rylen

I like swimming lessons because it teaches me how to swim better. Even though I can swim I've gotten better and stronger - Malachi

During swimming lessons I learnt to do the survival side stroke because I listened and watched how other people did it. Another skill I improved was using the compact jump into the deep water because I normally kept getting water up my nose, but now I know how to cover my nose properly - Sarah

I enjoyed grabbing the sinkers because some were challenging and some were easy. I also liked swimming 100m because I was trying to beat the time I took the day before. I am confident in the deep end because I swim most of the time in the river but I struggled swimming with a jacket and long pants because they were way too heavy when wet. A problem I had was when I could not see anything in the water because of the chlorine. The instructor helped me the most because she told me how to do the compact jump. I am pleased that I managed to do everything I was asked to and I think I did them well - Eugene

Furniture

We have surplus desks and chairs which are near our sports shed. If you are interested in any of these items please come to the front office. We are grateful to receive a donation for these items.
