Learner Dispositions

Persistent

I don't give up and I keep trying different strategies when I am faced with a challenge.

Independent

I take responsibility for my learning by being organised and managing myself.

Curious

I take an interest, ask questions and enquire

Reflective

I know what I am learning. I accept feedback and continuously evaluate and analyse my learning.

Risk Taking

I have the confidence to try new things.

Cooperative

We can work together as a team.

Government of South Australia

Department for Education

Dear Parents, Caregivers and Friends

This week students have completed their PAT testing. It has been fantastic to see students showing our dispositions, persisting when it got tough, reflecting on their answers and previous learning and showing independence. Some students find these types of tests difficult however, all students showed resilience and initial results show some great growth in student learning.

This Thursday is R U OK? DAY, students are encouraged to wear the colour yellow. We are also holding Tuck day on Thursday with students being able to order pizza and a fruit box.

Our parent perspective survey opened on Monday, this is an opportunity for parents to provide feedback to the school. The feedback you provide is invaluable and will help us determine what we are doing well, what areas we can improve and what is really important to you as a parent in your child's education.

Attendance letters were sent home this week to some families, as we are concerned with the high percentage of non-attendance. We will continue to monitor student attendance and follow up where necessary.

On Friday, our students will have the opportunity to spend their tokens in The Glossy Shop. We have some exciting, new products for the students to choose from.

I am very proud of our students who have been using our values and dispositions to earn their tokens.

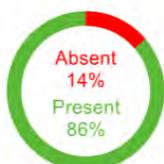

Regards,

Kelly Freer

YEARS 3 -7 NETBALL WITH MR PAPAMETIS

Christa – In netball we have been learning different skills like catching and throwing and learning the different positions that we play in netball. I really enjoyed playing the game against my classmates and shooting goals.

Kaiden - This term we have been learning how to play netball, one of the things I have learned was that I like passing the ball to another team mate. I also like being to work as a team and experiencing the different positions.

Azaleah – I liked netball because I got to play against and with different people each week.

NAVIGATORS

The Navigators have been working hard to build their literacy skills.

The literacy groups have shown that individualised learning strategies support growth and make learning fun!

CHOIR

On Thursday 27 August Daniel and Landon travelled to Loxton Lutheran Primary School to participate in the Riverland Primary Schools' Music Festival Choir event. It was a little different than usual. We joined choristers from seven other schools to sing a reduced programme. We began with a rehearsal in the morning and then a performance in the afternoon. Due to COVID restrictions each choir was socially isolated in their own little choir bubbles and no audience was permitted to attend.

The combined choir sounded amazing under the direction of Mrs. Miegel from Lameroo Community School, accompanied by the Festival Band, who for the most part rehearsed in isolation. They were directed by Ben Lanio from The University of Adelaide Elder Conservatorium. It was a big day, exhausting but very satisfying. The choir sounded amazing even though it was the first and only time that all of the choirs were able to perform together.

The event was filmed professionally, and a link will be available for families to view soon.

Thank you to Mrs. Clarke and Berri Primary School who took us under their wing and thank you to Joanna Whitehead and the Festival Team for enabling this event to go ahead for our choir students.

PREMIERS READING CHALLENGE

Have you finished your Premiers' Reading Challenge yet? If so, come into the Library and choose your 'Curious Creature' to go on our display board. The Challenge will finish on Friday and Mrs. Gow will be entering the data on Monday, so please be sure to get your completed forms to me as soon as you can.

I have also started to prepare for Book Week which will be held in Week 2 of next Term. The theme this year is Curious Creatures and Wild Minds. Please feel free to create your own curious creature and I will display it in the Library. The short-listed books for the Children's Book Council of Australia are also on display. These will be available to borrow until the end of the Term. We will then vote on our winning title's in conjunction with the national competition.

You may also have noticed that there is a wall entitled Greek Mythology in the Library. These are book reviews completed by some of Mr. Pap's class. Please come in and have a read, you will find them fascinating.

SCHOOL TUCK DAY

We raised a total of \$55 for the Cancer Council from our tuck day and donations from students and staff. Thank you for your support.

Our Excursion

Yesterday, the Preschool and Navigators went to the Chaffey Theatre to watch Me And My Shadow. First we stopped off and had lunch at a playground. The children absolutely loved the excursion and theatre show.

"I loved the girl pulling off the paper and the man getting in the bags" Logan

"I loved that show" Kyle

"That's magic" Joniann

"I loved when the boy was making a shadow" Nash

GEOGRAPHY

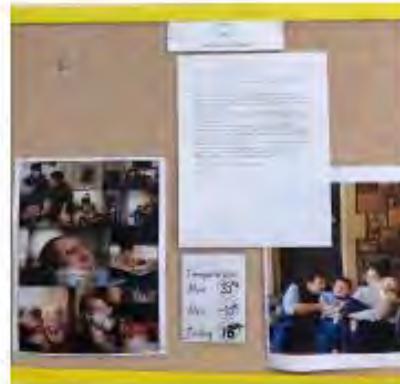

On Tuesdays

The R-2's have been very busy in the GLOMO room with Mrs Menzel. This term for geography we have been studying weather around the world and comparing it with our weather.

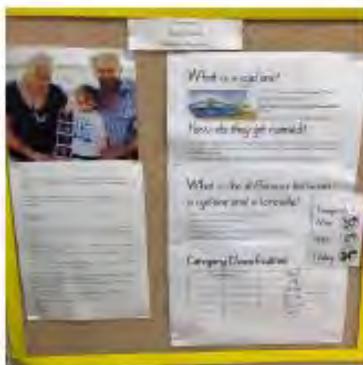

We have four weather stations around the world with whom we have written letters to with questions about their weather and life. Our weather stations are:

Macquarie Island, Antarctica

Nova Scotia, Canada

Port Hedland, Australia

Worcestershire, England

Respect

Responsibility

Resilience

Sharing Our Learning

Empowered learners. Individual growth.

These places all have a friend or family member of Mrs Menzel's there which makes it easier for corresponding.

We have a board dedicated to each station and we add information to it as it comes to hand.

Today we recorded each stations maximum, minimum and current temperature. We also did a class jigsaw puzzle of Australia's states and territories then our own individual puzzle in our books.

We are using this unit of work, to investigate and learn about, seasons, mapping, posing questions, ways to communicate with other people, cultures of other countries and families and collecting and comparing data.

This could be a great conversation starter with your child after school on Tuesday's to ask your child, "What was the weather on Macquarie Island today?" or "What sport do they play in Nova Scotia". Or maybe use the maps app on your phone to get your child to show you where these places are.

Hope this finds you well.

Jane Menzel

Have your say on the new name for Glossop High School

In line with Glossop High School moving to one campus, the school will be renamed with the new name to officially be in place from term 1, 2022.

As the school will no longer have a campus in Glossop, the school has to be renamed as per guidelines from the Office of the Surveyor General. The Surveyor General's guidelines are in place to prevent confusion for the general public regarding the school's location.

As current and future members of our school community, I am excited to share with you the shortlist of potential names for our school developed by our Branding Committee.

The Branding Committee is made up of students, staff, parents and local community members and they have worked hard to develop a shortlist of names that meet the requirements set out by the Department for Education and the Office of the Surveyor General.

I encourage everyone to visit our website and vote for your favourite name. There's also space to suggest another name, please keep in mind there are strict rules about the types of names that can be used for a school.

The shortlisted names are:

Moorundie

Moorundie is the local Ngarrindjeri word for river and was suggested by Aboriginal elders from the region.

Riverland

This name reflects the location of the school and highlights that our school is home to students from multiple towns across the region.

Catherine Spence

The Branding Committee identified progressive and inclusive as the key drivers of Glossop High School.

Catherine Spence is a prominent South Australian who was a progressive thinker, inclusive and her values reflect those of Glossop High School.

Howard Florey

Howard Florey was a prominent South Australian responsible for developing penicillin and won a Nobel Prize.

He was chosen as his progressive thinking and academic achievements reflect the school's values.

There is consideration also of **Secondary College, Secondary School or High School**.

This is an exciting chapter in the history of Glossop High School. I ask everyone to embrace this unique opportunity. This is our chance to develop a name that reflects our school's inclusive, proud and progressive values now and into the future.

Community consultation will be open until 24 September 2020.

Please complete the survey on the Glossop High School website to have your say.

Enrol now for preschool in 2021 at...

GLOSSOP COMMUNITY PRESCHOOL

Going to preschool helps your child to learn new things, make friends and develop confidence. Children who turn 4 before 1 May 2021 can start preschool at the beginning of next year.

We would love to welcome you to our learning family!

BARMERA LITTLE ATHLETICS 2020 / 2021

Our season starts with 'Come n Try' sessions

Monday 12th & 19th October 5.30pm @ Glossop High School – Middle Campus

Children aged 3 – 17 welcome

No prior experience necessary just a willingness to have fun, running, jumping and throwing!

Enquires to Cilla 0418 824264 or find us on Facebook

COVID safe rules will be in play.

SHARE YOUR MEMORIES & PHOTOGRAPHS

Barmera, Monash and Glossop were all proclaimed as townships in 1921 and so are approaching their centenary year in 2021. To help them commemorate 100 years of history, the Berri Barmera Council seeks people with memories and stories (including photographs, movies, and other memorabilia) of living and growing up in the Barmera, Monash and Glossop districts. If you would like to share your memories, or if you know someone who has memories to share, please contact the Barmera Public Library.
