

# 2023 School Improvement Plan Summary

## Glossop Community School

Goals	Targets	Challenge of Practice	Success Criteria
<p><b>Increase Student Achievement in Reading</b></p>	<p>2022: 5/17 F-2 students will achieve SEA in Running Records Reading data. 12/22 Year 3-6 students achieved SEA in PAT Reading data. 4 Students were absent during assessment. Target: 9/18 F-2 students will achieve SEA in Running Records Reading data. 12/22 Year 3-6 students will achieve SEA in PAT Reading data.</p> <p>2023: F-6/9 Students will achieve proficient level in Initial Lit cumulative review 3. 1-2/3 Students will achieve proficient level in Initial Lit cumulative review 3. 2-5/7 students will achieve proficient level in Initial Lit cumulative review 3. 3-7/9 Students will achieve 95+ in PAT Reading data. 4-2/3 Students will achieve 106+ in PAT Reading data. 5-5/6 Students will achieve 112+ in PAT Reading data. 6-6/8 Students will achieve 118+ in PAT Reading data.</p> <p>2024:</p>	<p>Years F-3: If we explicitly target decoding through explicit teaching of synthetic phonics, we will improve student reading.</p> <p>Years 4-6: If we explicitly target fluency and comprehension development by explicitly teaching 'strategies to improve fluency &amp; comprehension', we will improve student achievement in reading.</p>	<p>All students will make 0.4 individual growth in their individual reading progression.</p> <p>Foundation - Year 3 Students will apply decodable skills and demonstrate proficient use of letter-sound knowledge to read texts aligned to their individual reading capabilities, when we use Initial Lit to explicitly teach synthetic phonics.</p> <p>Year 4 – Year 6 Students will apply decodable skills and demonstrate proficient use of comprehension and build fluency skills, when we and explicitly teach strategies to improve 'fluency &amp; comprehension'.</p>
	<p>2022: 13/22 students in years 3-6 will met SEA in Maths PAT-M. Target: 12/22 students in years 3-6 will meet SEA in Maths PAT-M.</p> <p>2023: Year 1: 2/3 students will achieve 83+ in Maths PAT-M. Year 2: 3/7 students will achieve 94+ in Maths PAT-M. Year 3: 5/9 students will achieve 101+ in Maths PAT-M. Year 4: 2/4 students will achieve 110+ in Maths PAT-M. Year 5: 4/6 students will achieve 112+ in Maths PAT-M. Year 6: 6/8 students will achieve 120+ in Maths PAT-M.</p> <p>2024:</p>	<p>F-6: If we apply a rigorous approach in using formative assessment to inform teaching and learning, we will improve student achievement in Mathematics.</p>	<p>We will see students improve their conceptual understanding in applying the Big Ideas in Number to solve maths problems fluently at Standard Educational Achievement, if we use formative assessment to inform teaching practice.</p>
<p>2022: 2023: 2024:</p>
